POSTAL REGULATORY
COMMISSION
OFFICE OF THE SECRETARY

RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

Our mission is to meet the needs of the time. Through our prison ministry, assisted living for the elderly, education on human trafficking and other ministries, we are making a difference in the lives of many.

Postage increases totaling 40 percent over the next five years will have the following impact on our mission and the people we serve. We will have to pull back on the number of mailings we provide, resulting in a potential decrease in the number of donations that come in to support our ministries.

Please do the right thing and reconsider your proposal.

Sincerely,

A handwritten signature in cursive script that reads "Sister Pat Cormack".
